Model Index™
Teaser

Teaser Version 5.0, 2/10/99
Copyright 1997, 1998, 1999, cogito ergo design

This is a shortened version of the Playboy Newsstand Special Model Index, consisting of the first fifteen pages of the (LARGE!) database. Most NSS issues are included, with a few exceptions. This version is current through those issues on the newsstands as of early February, 1999.

Note: Due to its effect on the size of the index, "one shots", or models who appeared only once, are not listed in this "printout". They are included in the actual database and would be listed if they subsequently appeared a second time.

For info on obtaining the FULL version of this file (US \$ 15), e-mail me at:
AFN41391@AFN.ORG

Note: the final entry on page 15 is likely incomplete, since it probably continues onto page 16...

Introduction & Comments:

This is the Playboy Newsstand Special Model Index, an attempt to cross-reference the Playboy Newsstand Specials by the appearances of the models in them.

This issue is current through the January/February 1999 "Lingerie" Edition, in general. There is a listing, which follows, of the NSS issues which are "missing", and another of the issues which should be included. To the best of my knowledge this is full and complete. Feel free to call any errors or omissions to my attention.

If you are in possession of this list without authorization, please contact me at the below e-mail address to obtain an authorized, up-to-date copy. Prices as of this date are \$10 per "issue", and are subject to modification. Should this e-mail address be invalid or unusable, please use an appropriate internet search on "NSS", "NSS Index", "Playboy Index", and my name. Hopefully one or more of these keywords will locate the latest version & web site.

If you would like to help distribute this index, there is a teaser, consisting of the first ten pages of the index, which is freely distributable and is available at my web site, also listed below.

"Data" should be free. "Information" represents someone's hard work at culling the data and *putting it into useable format* Work should be reasonably rewarded, or else it won't be performed. I feel the price I ask is a reasonable amount for the work involved in creating this index, which covers about 150 issues of the NSS's produced by Playboy. Think about that before you make this freely available to just anyone. I'm not some big corporation sucking in the money.

Other Missing Issues:

The following random "one shot" issues are also **not** currently covered by the NSS index. To the best of my knowledge, this is a complete list. If you are aware of any other issues which I do not have listed either here or in the previous segment please let me know...

| Sexy Ladies | 1995 |
| Hardbodies | 1996 |

Personality Issues:

The following "personality" issues are also not covered by the NSS index, since it seems rather silly. To the best of my knowledge, this is a complete list. If you are aware of any other issues which I do not have listed here please let me know...

| | |
|------------------------|---------|
| Popeo Posar | 1987 |
| Vanna White | 1995 |
| Kimberly Conrad Hefner | 1989 |
| Dian Parkinson | 1993 |
| Pamela Anderson | 1994(?) |
| Anna Nicole Smith | 1995 |

Note:

Some girls you personally are aware of may not be included in the index by virtue of only appearing once in the covered issues. An example of this is "Danielle Schiffino". She only appeared once, in the March/April 1996 BOL, and up until her appearance in the 1997 Girls of Summer, she would not have shown up in the Index. I'm sure there are many others. Inclusion of the "missing girls" would probably double or triple the size of the Index, and serve no little useful purpose other than to recognize their existence, barring the possibility of an additional appearance outside the covered issues.

The database I derive this document from, rest assured, **does** contain all such one-shot appearances, and, should a girl make a subsequent appearance, she will become included in the Index. If, for some reason, you are interested in a copy of this one-shot list, let me know, I am sure we can work out a small extra charge for me to provide it.

Another Note:

"Nadine Chanz" is under the name she first appeared under, in the "World-Wide Nudes"... She is under the "T"s as "Nadine Tschanz". This is one of the few cases of anything like this, and certainly the most likely one to cause a problem... I also combined "Keisha Case" and "Suzy Case", as they appear very much to be the same person... That or a **really** lookalike pair of sisters...

1998 Note:

"Kristine MacFadden" is under the name she first appeared under, in the "1997 Lingerie Model Search"... She has since appeared under "Christine" and also appears to have changed the final spelling, so that she's now "McKaden"... she's listed in the index under the "MacFadden" name... a lovely blonde, IMNSHO.

Note : Due to the size of the index, "one-shots", or models who only appeared once, are NOT listed.

The following explains the nomenclature used:

| (1) | (2) | (3) | (4) | (5) | |

(A) The Model's Name

(B) The Scanmaster 3-letter code for the model (if applicable)

(C) Any overall comments pertaining to the model in question (None in this case).

(1) The NSS title... Sort of obvious, I think.

(2) The date of the issue. A "01/01/nn" means (for a yearly production, such as the "Girls of Summer" issues), means the '19nn' issue of that year. In the above case, the indicated issue is the BBR issue released in 1993. For others (primarily, if not exclusively, the "Book of Lingerie"s) the "01/02/nn" means the Jan/Feb (i.e., months 1 & 2) of '19nn'. Hence in the above cases, the BOL issues referenced are the Sept/Oct 1993 & Nov/Dec 1993 issues.

(3) The page number on which the lovely lady can be found. If the photos cover multiple pages, this refers to the first page. Not all pages in an NSS are numbered, of course. You'll have to figure it out from there. Please E-mail me if you find any errors. I ignore/"disinclude" face-only shots.

(4) This is a mechanism to indicate the size/significance of the picture(s). The following abbreviations are used:

| | |
|---|---|
| HH - a half-page shot, horizontally oriented (i.e., "landscape") | HV - a half-page, vertically oriented |
| H2 - two "HH" shots on a page | V2 - two "HV" shots on a page |
| Q - a quarter-panel | F - a full-page shot |
| S - "Smaller" than a 'Q' | D - a double-page shot |
| 22 - two pictures spread across two pages | 32 - three pix across two pages |
| 4Q - Four "quarter page" pix | 4F - a Full page and a "4Q" |
| 9 - Nine "type S" pix on one page | 1H - a pic taking up a full page and a half |
| CQ - a "couple" quarter-pager's | |
| O - "Other", something too complicated to fit into the above scheme. Usually, field (5) contains a breakdown, such as: (7) - 3F/V2/F/D (i.e., 7 pix, consisting of 3 Full Page, 2HVs, another Full page, and a Double page) | |

There may be a few others - "T" for example (I had forgotten about them) - so their useage is not regular (i.e., sometimes I used 'em, sometimes not...) "T" means "Third Page".

Note that I use a certain arbitrary leeway with this. If I see a double-page shot that's mostly landscape, with a very small actual view of the model, I felt free to classify it, as, say, a "Q" (There was a specific case of this!)

Don't bitch about inconsistency. I tried. You do better. Your mileage may vary.

(5) Any specific comments about the picture(s) I thought to note (None in any of these cases). Note: "BTJ" means "before tit job", and "ATJ" means "after..."
